LIFT_OPERATIVE

Lift, una scrivania studiata per il benessere di chi lavora.

La regolazione in altezza del piano di lavoro contribuisce al miglioramento della postura e all'incremento della performance. È risaputo che le molte ore passate davanti alla scrivania non sono salutari. Lift permette di regolare elettricamente l'altezza ottimale del piano di lavoro e di operare stando in posizione eretta, alleggerendo così il carico sulla schiena.

Lift is a desk designed for the well-being of working people.

The height adjustment of the desktop contributes to improving posture and increasing performance. It is well known that the many hours spent in front of the desk are not healthy. Lift allows you to electrically adjust the optimal height of the desktop and to operate in an upright position, thus relieving the load on the back.

Struttura elevabile in altezza da 625mm
a 1275mm.

*Height adjustable structure from
625mm to 1275mm.*
